Nursing Recruitment Team  
Northwestern Memorial Hospital  
Chicago, IL

## **Re: Registered Nurse — Medical-Surgical Unit**

**Dear Nursing Recruitment Team,**

Caring for patients at their most vulnerable is the part of nursing I find most meaningful, and Northwestern Memorial's reputation for patient-centered care is why I'm applying for your Medical-Surgical Registered Nurse position.

I'm a BSN-prepared RN with five years of med-surg experience, BLS and ACLS certified, comfortable managing a six-patient assignment on a fast-paced floor. On my unit I helped raise HCAHPS patient-satisfaction scores from the 72nd to the 90th percentile by tightening hourly rounding, and I went eighteen months with zero CAUTI events as a charge nurse. I precept new graduates and thrive in interdisciplinary teams.

I would be proud to bring that standard of care to your patients. Thank you for your time and consideration.

Sincerely,

**Maria Gonzalez, BSN, RN**
