Ryan Doyle

Certified Pharmacy Technician (CPhT, CSPT) · Inpatient IV Room

Indianapolis, IN · (317) 555-0119 · ryan.doyle@email.com · linkedin.com/in/ryandoylecpht

SUMMARY

PTCB-certified pharmacy technician with 7 years across retail and hospital pharmacy, the last 4 in a 400-bed hospital's IV room. Compounds 90 to 120 sterile preparations a shift under USP <797> and <800> and holds PTCB's CSPT credential. Licensed by the Indiana Board of Pharmacy.

EXPERIENCE

Pharmacy Technician II, IV Room · St. Brendan Medical Center

Mar 2022 – Present

Indianapolis, IN

- Compounded 90 to 120 sterile preparations per shift in ISO Class 5 hoods, including IV antibiotics, electrolyte riders, insulin drips, and pediatric syringes.
- Prepared hazardous drugs for the inpatient oncology unit in a negative-pressure USP <800> buffer room using closed-system transfer devices.
- Passed gloved fingertip and media-fill testing every 6 months since 2022 with no failures.
- Refilled 24 Pyxis MedStation cabinets on the day-shift route and worked discrepancy reports with nursing before end of shift.
- Helped count and reconcile the Schedule II vault for the 2024 DEA biennial inventory, with no unresolved variances.

Certified Pharmacy Technician · Walgreens

Jul 2019 – Feb 2022

Indianapolis, IN

- Entered and filled 350 to 450 prescriptions a day in Intercom Plus at a 24-hour store with one pharmacist on duty.
- Worked 30 to 40 insurance rejections a day (prior authorization, refill too soon, non-formulary) by calling PBMs and prescriber offices.
- Ran the weekly return-to-stock and monthly outdate pull for a pharmacy carrying about $310,000 in inventory.
- Trained 5 new technicians on data entry and vaccine consent forms during the 2021 COVID-19 vaccine rollout.
